A large rectangular area containing a grid of 20 grey basketball icons arranged in two columns of 10. A vertical line runs down the center of the grid, and a single white circle is positioned in the middle of this line, representing a basketball.

Instruction

Cut out these basketballs and affix to refrigerator magnets if you're looking for a scoreboard you can use over and over again. Each player collects a basketball every time they make a basket. The first player to make 10 baskets wins.
